CD-Clip

A CD-Clip is a self-adhesive disc-holder made from plastic. It is 35mm in diameter and consists of a retaining star, spacer ring and pull-off tag. It is available in black, white and transparent.

CD-Fix

The CD-Fix disc-holders are pre-stamped foam hubs that are self-adhesive on one side, yet easy to remove again. They are available in 25 different colours, as well as with individual monochrome print on one side. The standard size is 15.4mm in diameter and 3mm thick, but a thickness of 5mm is also available upon request (white and black only).
